### 3. NCEP's important EU & (sub)national

- Objectives/importance EU

- Integrate & simplify overlapping set of P, R, M obligations
- Implementation 2030 targets concerning C & E
- Compliance with international commitments (PA)
- LT ↔ lock-in + reg stability 4 inves, cons & citizens

### 3. NCEP's important EU & (sub)national

- Importance (sub)national

- *Dealing with = transition*

- Learning to make plans with the most relevant **stakeholders**: EC-MS, within MS, Neighbour MS's
- **Integration**: vertical + horizontal
- Good practices / flaws – **learning** from each other
- Growing **↑ simultan + stronger** together (EU+ Int)
- **↓** inter EU **competition** + export **innov** (pol + tech)
